

Aruba, July 8, 2021

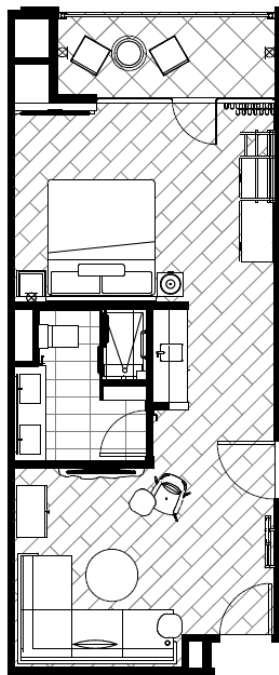

Dear Timeshare Member,

On June 11, 2021 you were sent an update on our Ocean Suites room renovation in which you were informed that we will change the overall layout of the units. Most of you have reacted positively to the change; we also received comments from other timeshare members who would rather keep the lay out as it is today. To be fair to those who oppose the new layout we are keeping the fifth and ground floors in their existing layout and will transform the second, third and fourth floors into the studio format. In this way we offer you, our Members, a choice, though this might mean that you would have to move to a different floor (and possibly change weeks) to get the layout of your preference.

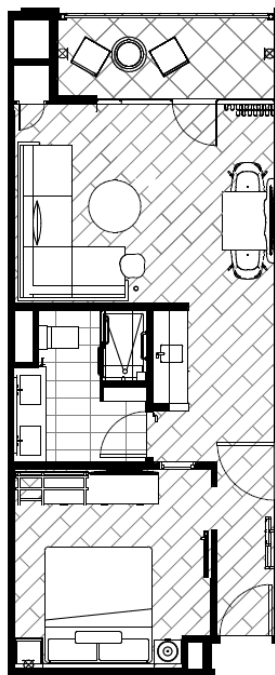

We appointed a project manager whom many of you already know, who will contact you to assist you in choosing the best option.

As a reference we are hereby showing you the different options.

Renaissance Aruba Resort & Casino - Ocean Suites

STUDIO

1 BEDROOM

Over the years, the resort has consistently transformed in a positive way, maintaining and improving its plant, equipment and staffing through owner investment as well as with your participation. Our affiliation with Marriott International and its Brand Standards has contributed greatly to our success. It is our intention to continue this positive trajectory and we assure you that this change will be another great step in the right direction. Renaissance Aruba Ocean Suites is one of Aruba's prime properties of which we can all be proud.

We started building the model room in Studio format and we will be sending updates on the progress Renaissance Ocean Suites Aruba – Timeshares Facebook page.

Sincerely,
Renaissance Aruba Resort & Casino

Paul Gielen
General Manager
